About Me

Passionate and dedicated full-stack web developer with a strong foundation in web technologies. Eager to gain practical experience through an internship and contribute to the development of innovative web solutions. Skilled in front-end and back-end development, along with a solid understanding of database management and responsive design principles.

Professional Experience

- As i have no professional experience i was investing my time in learning skills and making my skills sharp.
- Highly motivated web developer with a strong foundation in web development and a keen interest in Node.js. Seeking an opportunity to apply my skills and expand my knowledge in a professional environment.
